

East Invicta Masters Championships

April 02 2017

Despite a lot of unavailability across Hythe Masters this year, 22 swimmers took part in the competition on Saturday. Given the small size of our team some swimmers swam all events and all relays which was a fantastic effort. Every point counted as there were strong teams from Thanet, Canterbury, Dover and Deal Tri, which made for a much better competition this year

Every swimmer performed well, with some tasting their first competition and winning medals, some returning to competitive swimming and some returning from illness, all of whom did their best for the club and scored points. It was tense in the meeting at the end when the results were announced but I am pleased to say that Hythe triumphed again as "Top Club", this time by just 5 points in front of Canterbury - so well done to all involved. Next year we need all our squad competing if we are to retain this trophy in 2018.

Lastly, a big thank you to our youngsters who turned up to time-keep, marshal, help process results and team manage the old un's - well done
