

Supporting Ukraine Children

As we are all aware following the terrible war in Ukraine many families have relocated to the UK and have been supported by local communities during this terrible period. Hythe Aqua has been supporting a 12yr old Ukrainian girl who has been supported by the Hythe Aqua Swim School over the last 12 months. Vladysylava Bilousova is currently living in Lyminge

Vladysylava has made fantastic progress under the direction of our Club Teachers and has now joined the Hythe Aqua Junior Squad as a competitive swimmer after passing all her Swim England skills. Well done to her.
